WITH DEEP APPRECIATION WE DEDICATE OUR BOOK TO

MR. RICHARD WARREN

"Class Adviser" signifies boundless giving: the giving of time, the giving of energy, and the giving of advice. More than just a class adviser, Mr. Warren has been a leader and a supporter; above all, he has tried to make every member of this class a personal friend. Whether we passed him in the hall or conferred with him after school, Mr. Warren had a cheerful greeting and easy smile for us all. Without him our class would not have reached its goals nor been able to look back with such happy memories.

Adviser and Friend

FOREWORD

We are a column of legionnaires, marching through a Roman arch called Barnstable High School. Full of hope we entered, and hopeful we shall depart. Within the arch we have become equipped with helmets of knowledge, swords of understanding, and sturdy boots of experience. We shall leave the arch for the last time using these helmets for protection from ignorance, our swords to defend the things we love, and wearing boots strong enough to tread the way of life. Though our paths will diverge from now on — some will march the Roman road, others will pass under new arches — yet, leaving upon our journeys, we leave part of ourselves here at Barnstable High School as the legacy of the Class of 1963.

OUTGOING SENATORS

MR. L. HENRY MITRON

Youthful sprightliness and vigor make Mr. Mitron, instructor in mechanical drawing and industrial arts, seem like one of us. Faithful, conscientious, always ready with an appropriate phrase . . . his sincerity, warmth, and affability will be missed by everyone.

MISS MARY WARE MURRAY

Miss Mary Murray has always been a favorite with all the students . . . a pleasant word and cheerful smile for everyone . . . a wonderful narrator of her travels to the British Isles . . . likes to take those "x-period" coffeebreaks.

As the Class of 1963 passes through the Triumphal Arch, we are honored to be joined by three of our teachers.

MR. THEODORE W. GLOVER

Mr. Theodore Glover has been director of the Barnstable Vocational High School for six years . . . director for many years at the old high school . . . reserved, capable, and responsible . . . a friend to all of the students . . . greets all with a pleasant smile . . . practices gardening and carpentry in his spare time.

OUR YEAR

A.D. MCMLXIII

As students, it is easy to forget how much of our success depends on our school, community, and national leaders. Good leaders mean the success of any civilization or institution. And so we should be aware that—as leaders made Rome great—they also make our nation and school great.

Rome left to us a coveted legacy of architecture and literature; our nation holds for us freedom and opportunity; our school has given us a memorable experience in living and learning.

Our year—1963—has been filled with the pageantry of a little Rome: our personal ambitions and their fulfillment, our joy and sorrow, our laughter and tears, our experiences in learning, the instillment of responsibility and judgment—such has been our year and our Rome. But we remain indebted to many leaders. They have been a great influence in our lives; hence we have listed them in our **Barnacle.**

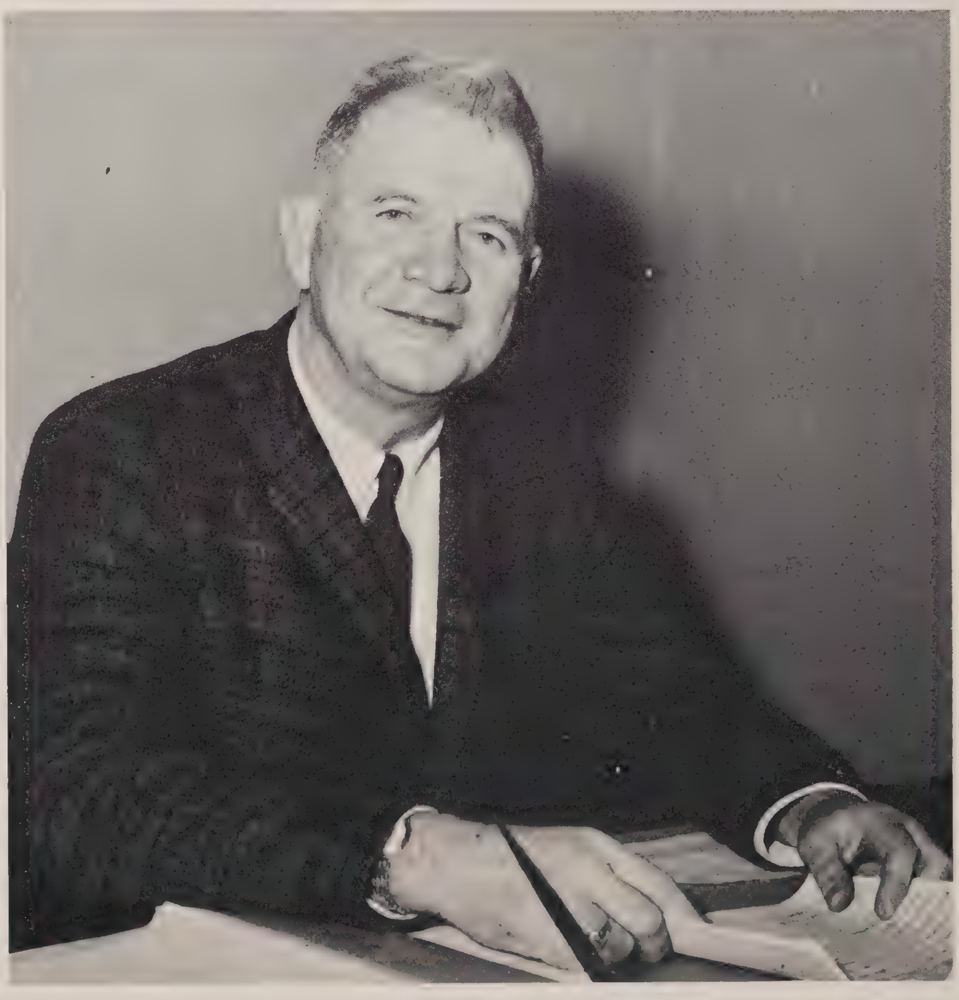
In Memoriam

..We returned to school last September with a feeling of lonesomeness and loss, an emptiness caused by the death of a man who had been a beloved friend to all of us — our vice-principal and athletic director, Mr. W. Leo Shields.

Mr. Shields had a special place in our hearts for many qualities: he was understanding, he was sympathetic, he was kind — and he was always fair. Typical of his fortitude and strength is the Commemoration Rock embedded in the Leo Shields Memorial Field, but his most lasting monument will be the impression he made on our young lives. A Roman column illustrates this page; it symbolizes the upright ideals of this man who was a pillar of strength to us all. His was a spirit which was ever giving — giving the best of himself to his home, his school, his country, and to God.



Mr. W. Leo Shields

Leadership, Devotion, Wisdom, Guidance . . .

Mr. Harvard H. Broadbent

ADMINISTRATION

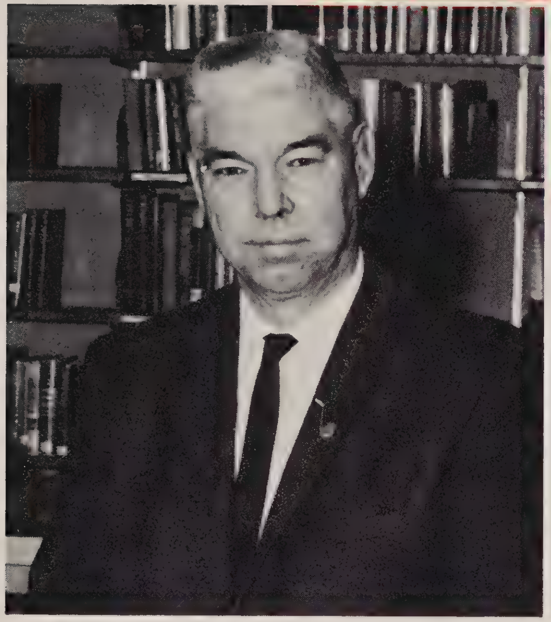
Leadership, devotion, wisdom, guidance: these are qualities to live by, and these are examples set by our Superintendent of Schools, Mr. Harvard H. Broadbent. Through careful direction in the development of our education, our super-superintendent has made it possible for so many to learn so much. We hope that the many classes to follow may enjoy the leadership of our "super" Mr. Broadbent.

If high school years were an obstacle course, Mr. C. Eldon Lawson, our guidance counselor, would be the boost over many academic stumbling blocks. His calm smile and turn of the hand are outward signs of the understanding and patience which have made him so well liked by everyone. His inner office is a sanctuary where in all who need help find a friendly word as well as assistance in their problems.

Mr. C. Eldon Lawson

Mr. Frederick M. Hodge

Mr. Frederick M. Hodge, Director of Curriculum of the Barnstable High and Junior High Schools, is responsible for the planning of the class schedules for each year, manipulating students, teachers, rooms, lunch periods, and time into a working school week. Individual needs are never ignored, and his smile for everyone reflects a warm and generous heart. We can but express our boundless gratitude in appreciation for all he has done for the Class of 1963.



Mr. Arnold H. Rogean

The duties of assistant principal include solving disciplinary problems, forming school regulations, and insisting upon adult conduct from all students. Mr. Arnold H. Rogean, our assistant principal, does all of these with thoroughness, finesse, and a friendly sense of humor. His relation with the students is based upon mutual respect: he respects the students' maturity, and they respect him for his qualities of justice, kindness, and understanding.

Mr. Briah K. Connor

Being principal of a school is a way of life. Where responsibilities of most jobs begin at nine and end at five, those of Mr. Briah K. Connor last twenty-four hours a day. He is workman, representative, supervisor, co-ordinator, and diplomat in all circumstances that involve our high school—both inside and outside the building. Barnstable High is Mr. Connor's school, and Mr. Connor, in the same sense, belongs to Barnstable.

These Are Qualities To Live By

Mrs. Catherine D. Towey

With patience and understanding, Mrs. Catherine D. Towey has worked for and beside her students, accepting nothing but the best from each one. With her own torch of intellect, she has nurtured the glow within us to flame, and these flames to the fire of learning. Great is the light she first kindled in us; greater will it be in years to come; greatest is the gratitude we owe her.

With the firmness and strength

ENGLISH

The English Department is divided into three main courses: General English, Business English, and College English. Courses include the study of grammar, vocabulary, and self-expression, as well as classic literature. Students in sophomore, junior, and senior classes may elect courses in Public Speaking, and seniors in the College Course may take Creative Writing. All students are taught the value of good oral recitation and written expression. Before graduating, each student must have passed four years of English.

FOREIGN LANGUAGES

The foreign language courses at Barnstable High School include French, Latin, and Spanish. Our language teachers not only teach us to speak and comprehend the language of a foreign country; they also help us to enjoy and understand the people, their customs, their country, and its natural resources. Both educational and enjoyable, these foreign language classes promote a definite interest in other lands, an interest which makes learning a new language much easier.

MATHEMATICS

The Mathematics Department at Barnstable High School strives to teach the use of logic and abstract thinking as well as the ability to apply mathematics to all types of everyday and business problems. Subjects studied include courses in General Mathematics, Consumer Mathematics, Algebra I, Geometry, Algebra II, and Mathematics IV. The new advances in mathematics are readily apparent in the freshman year where they are being introduced.

SCIENCE

A glimpse of the world of tomorrow, an explanation of the world of today — these are offered to Barnstable High School students in the following science courses: Biology, Chemistry, Earth Science, Physics, and Psychology. Excellent laboratory facilities provide us first-hand information and practice. Through these courses we have gained knowledge of the world around us and a better understanding of ourselves.

BUSINESS

To the many students who plan to work in the business world, Barnstable High School offers valuable preparation in business training. The Business Course includes Business Mathematics, Business Training, Economic Geography, Typewriting, Bookkeeping, Shorthand and Transcription, Office Practice, Modern Business Records, and Commercial Law. Each gives knowledge and practice in the work that will be expected of secretaries or office workers.

Front: Mr. Chester Buck, Miss Bertha Newcomb, Mr. Francis Dwyer, Mr. Charles Howes. **Rear:** Mr. William MacWilliams, Mr. John Parker.

SOCIAL STUDIES

The Social Studies Department of Barnstable High School offers a range of subjects from which we can gain a knowledge both of ancient civilizations and of the problems in our modern world. Classes in Civics, Economic Geography, World History, American History, and Problems of Democracy give us a broad background of civilization and of our American heritage.

ART AND MUSIC

The students of Barnstable High School are offered many interesting courses in both art and music. Art students work in media such as oils, water colors, or charcoal. Music Appreciation introduces the student to fine music and enables him to develop a personal technique and style.

LIBRARY AND GUIDANCE

Our library is equipped with a wide variety of reading materials including fiction, non-fiction, reference material, and periodicals.

This year our guidance department has expanded. Mrs. Ruth W. Hendrick, the new adviser, is now working with the ninth and eleventh grades, while Mr. C. Eldon Lawson has the tenth and twelfth grades.

PHYSICAL EDUCATION AND COACHES

Our Physical Education Department works closely with President Kennedy's Physical Fitness Program to provide a varied curriculum. Since it is important to have both group sports and individual activities, our modern gymnasium is well equipped for both basketball and many other types of gymnastics. Outside sports are played on our spacious athletic fields.

PRACTICAL ARTS

Barnstable High School features a well-rounded curriculum in the practical arts. The home economics course prepares girls to be good homemakers from their experience in sewing and cooking. The industrial arts department instructs boys in woodworking, mechanical drawing, and metal work. The agriculture course trains our future farmers in horticulture, husbandry, and farm mechanics.

The Barnstable Vocational High School offers a combination of academic and vocational study to Cape Cod boys. With a choice of carpentry, plumbing, electrical work, boatbuilding, or auto mechanics, the students have academic work related to these trades. They have their own Vocational School Trade Council but participate in the athletics and class activities of Barnstable High School.

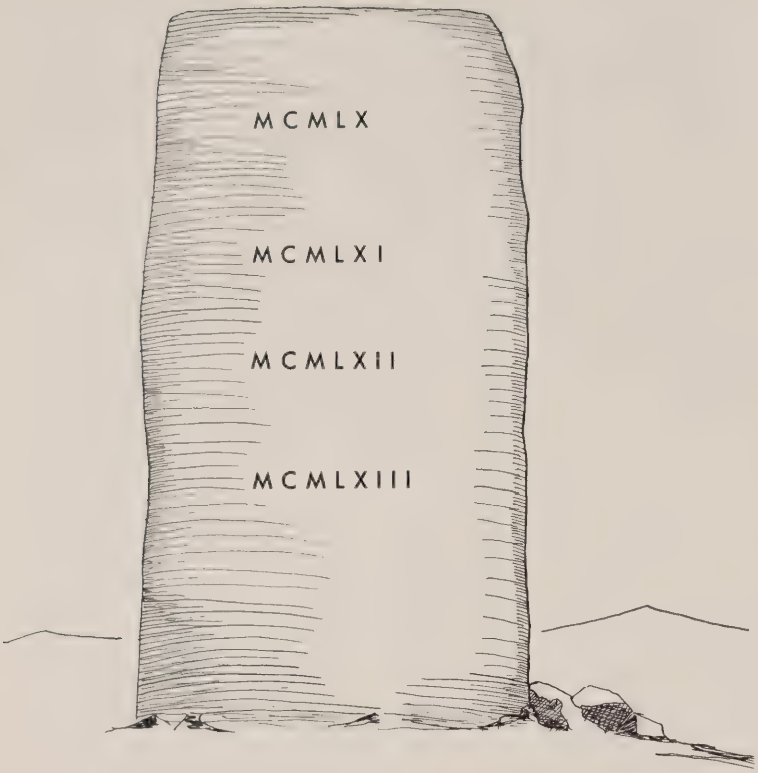
"We look before and after."

MILESTONES OF



The Appian Way was the main thoroughfare to the colossal city of Rome. In the same way, our school years have acted as the main road into our future. Along this road we have met friends, faced challenges, and secured knowledge. Now, as we prepare to leave this road, we record our journey in these Milestones of the Class of 1963.

First Milestone: As we entered into Barnstable High in the fall of 1959, we were somewhat awed by the grandness of it all. There were many roadways we could have followed, some leading to slave-like existences; others to an Arch of Triumph. However, we pushed forward, fearless of danger, hopeful of success.

Banded together, we were led by John Trocchi, president; Alphonse Montagna, vice-president; Bonnie Neves, secretary; and Margaret Smith, treasurer. Mr. Richard Warren was elected the patrician to advise us for the next four years.

For the first time, we chose our own courses, became subject to standardized tests, and were permitted to mingle with upperclassmen in the band and orchestra. We also joined in a variety of junior varsity sports including hockey, football, soccer, basketball, baseball, and golf. The feminine side of the sports field demonstrated how to be champions, as the field hockey, girl's basketball, and softball squads took the Cape Cod Championships.

Our representative to the student council was Steve Jones, who also became a new member of the Key Club. Carolyn Appleby was chosen a member of the varsity cheering squad.

Our first social activity in the school was the spring dance, "April Showers."

Second Milestone: In our sophomore year, John Trocchi was still head Senator, and Michael Sullivan was his alternate. Susan Crawford handled the records while Margaret Smith managed finances.

Confident, we started the year off with a dance, "Autumn Fantasy". For money-making projects we held a food sale and ran the town meeting concession in March.

Steve Jones and Dana Hinckley represented us in the Student Council.

We also became quite club-conscious at this time. Key Club introduced William French, Paul Bishop, John Crosby, Michael Sullivan, Arnold Rogean, and Dana Hinckley. Into Code Club went Margaret Smith, Susan Cassidy, Hilary Roberts, Elizabeth Crocker, Paula Leach, Bonnie Lewis, Cynthia Mitchell, and Cynthia Ward. Our top scholars, Peter Bedard, Abbie Alvin, and Beverly Boutin were invited to join the National Honor Society.

Both the golf and the field hockey teams won the Cape Cod Championships, The golf team also entered State Schoolboy Golf Tourney, with two of our classmates, Richard Coville and John Crosby, as members.

Third Milestone: Steve Jones became our president in the junior year, with Alphonse Montagna as vice-president, Paula Leach as secretary; and Margaret Smith as treasurer.

As an excuse to flash around our new class rings to the public, we sold boxes of candy. This, as well as our many other sales of buttons, bows, and book covers, helped out our financial situation.

This year a committee from the New England Association of Colleges and Secondary Schools evaluated our school. This visiting group, after a 5-day visit to our school, gave commendations, as well as recommendations for improvement. They left saying that Barnstable High School is "an excellent place for its youth to grow . . ."

Megan Syme, and Kathleen Lawrence represented us in Student Council. Cecile Martel, Nancy McGinn, Barbara Lopes and Beverly Boutin, became members of Code Club, while Douglas Campbell and Alphonse Montagna entered Key Club. Steve Jones was inducted into the National Honor Society.

Abbie Alvin did a professional job in the Drama Club's production of "Pink 'n' Patches," this year. Sharon Tillman received a silver medal in the All-State Speech Festival.

Beverly Boutin was selected for Girls' State with Patricia Igo as her alternate, while Paul Bishop and Alphonse Montagna represented us at Boys' State.

Some of us joined the chorus and some, the newly formed drill and tennis teams.

Now that we were officially in varsity sports, our records soared. Our football team won the Cape Cod and Tri-County Championships, and the softball team won the Cape Championship. On the golf team, Richard Coville, and John Crosby placed first and second, respectively, in the Cape Schoolboy League Championship, while the team itself was co-champion of Cape Cod.

THE CLASS OF 1963

Alphonse Montagna captained the soccer squad this season. In track Roger Hathaway broke school records as did the relay team, of which both Edward McCarty and Michael Sullivan were members.

Highlight of the year was our Junior Prom. Michael Sullivan and Cecile Martel were co-chairmen of this event with Cynthia Ward, John Crosby, Anne Owens, Elizabeth Crocker, Robert Hayden, Edward McCarty, Douglas Campbell, Roger Hathaway, Gayle Villani, Abbie Alvin, and Constance Crocker as committee heads.

The beautiful decorations in the gymnasium matched our theme "April in Paris". Dianne Drinkwater was crowned Queen, with Pamela Jordan, Anne Owens, Margaret Wirtanen, and Karen Davis in her court.

Fourth Milestone: Now we became those tall-togaed Seniors. Steve Jones was elected president; Michael Sullivan, vice president; Paula Leach, secretary, and Margaret Smith, treasurer.

Early in the year we carried on the traditional magazine sale. Also at this time we smiled sweetly for our Senior Class pictures.

Into Key Club went Peter Bedard and Richard Mason. Richard Coville was elected president of the club with Karen Davis and Marsha Roderick selected as Key Club Sweethearts.

Cynthia Ward was elected president of Code Club, with Marsha Roderick, Megan Syme, and Gayle Villani as new senior members.

This was a year of outstanding personalities. Cecile Martel was recipient of the D.A.R. Award. Barbara Lopes represented us at the conference of **Classmates of Today, Neighbors of Tomorrow,** in Boston. Abbie Alvin won the Betty Crocker Award, and Steve Jones represented us at Student Government Day.

In sports, our football team, captained by Steve Jones, won the Cape Championship again. The spirit-boosting cheering squad was led by Barbara Lopes who was also our football queen. Two other cheerleaders Sue Holmes, and Linda Morin, were the football princesses.

The drill team and band, which entertained us at half-times, also entered into competition with other Cape bands and drill teams, and placed first and second respectively in their fields.

The girls' basketball team again captured the Cape laurels. The captaincy was shared by Margaret Smith, Marsha Roderick, and Nancy McGinn.

The ice hockey team, led by Dana Hinckley, won the Kierstead Trophy, symbolic of the championship of the newly formed Cape Cod Schoolboy Hockey League. At the finish of the season, the team competed in the State Schoolboy Hockey Tournament in Boston.

This year's boys' basketball team was captained by Douglas Campbell.

Government affairs rated high this year. Megan Syme became president of Student Council. Other senior members elected were Carolyn Appleby, Paul Bishop, and Cynthia Ward. Besides the class officers, Douglas Campbell, Elizabeth Crocker, William French, Karen Jones, Bonnie Lewis, Diana Melody, Marsha Roderick, and Albert Robbins were on the Executive Board. Members elected to the Trade Council were Harold Fuller, Albert Robbins, Kenneth Cottle, Ross Ringheim and Paul Piche, president.

This year we were fortunate to have visit us Mr. Nicholas Atzimus of Athens, Greece. A teacher of English in Greece, Mr. Atzimus came here to study teaching methods in the United States.

"Candleglow and Mistletoe" was the theme of our Senior Prom. Richard Coville and Diana Melody were King and Queen with Karen Davis, Susan Crawford, Jean Scudder, and Sharon Tillman in their court.

Abbie Alvin, Peter Bedard, and Sharon Tillman demonstrated their dramatic talents in the Drama Club's production of **Sunday Costs Five Pesos.**

Larry Reed, Arnold Rogean, and Sharon Tillman were chosen for the leads in our Senior Class Play, **Jenny Kissed Me.**

Peter Bedard was elected Editor of the **Barnacle** with Mrs. Catherine Towey as adviser.

Now, with just a few more times together we look back at it all . . . crying towels . . . pink basement cards . . . "May I have your attention, please" . . . open parties . . . "The following will report to room . . . "cafeteria lunches . . . cheers and tears at games . . . study halls: all memorable parts of our school life.

Now the road divides, and each of us, as he goes his way to college, work, or married life, fondly looks back at the Milestones of the Class of '63 at Barnstable High School.

SENIOR CLASS OFFICERS

PEDAGOGUE FROM GREECE

Barnstable High School was honored as one of thirteen high schools in Massachusetts selected by the International Teachers Development Program to host a teacher from a foreign school. Our guest was Mr. Nicholas Atzimus of Athens, Greece, who observed our English classes for three weeks this past winter. Mr. Atzimus is a teacher of English at Athens College, a bilingual secondary school, where subjects including mathematics and science are taught in English. Mr. Atzimus, shown here with Margaret Wirtanen, spoke to various groups and addressed the entire student body at an assembly where he outlined similarities and differences concerning American and Greek education.

"The question is: do we or do we not, give in to the hem-line?"

"Hold still while I put this on."

DEDICATION OF LEO SHIELDS MEMORIAL FIELD

Prior to the annual Thanksgiving Day football game, the Barnstable High School athletic field was dedicated to the memory of Mr. W. Leo Shields, former Athletic Director and Assistant Principal of Barnstable High School.

It was thought fitting that a boulder be selected from the Barnstable Township to bear the plaque naming the field the Leo Shields Memorial Field. The plaque was unveiled by Julio Renzi, captain of the 1948 football team, and Donald Nickulas and Caleb Fraser, co-captains of Mr. Shields' championship football squad of 1951.

STUDENT COUNCIL

Whether it be a schedule problem of the Senior Class or a problem of a new freshman, the Student Council, one of the most important groups in our school, considers the matter in one of their sessions. At every meeting the Council opens the suggestion box which they have placed in the bus port and considers each suggestion.

This year the Council elected Megan Syme as its president; Linda Linnell, vice-president; and Carolyn Appleby, secretary. Mr. John Kilcoyne serves as faculty adviser.

Mr. John J. Kilcoyne, Faculty Adviser.

SPEECH CONTESTANTS

Under the direction of Mr. Richard Warren, Barnstable High School has turned out many fine orators. This group, which had many state finalists at the speech festival at Holy Cross College last year, has put in much time and effort towards their work. The various categories are: extemporaneous speaking, original oratory, poetry reading, serious prose reading, humorous prose reading, and radio broadcasting.

EXECUTIVE BOARD

The Senior Executive Board, composed of the four class officers and two representatives from each homeroom, meets to decide upon those class activities best handled by a small group rather than by a class meeting. Presided over by Mr. Richard Warren, the board also acts upon pressing issues which occasionally arise.

Each representative relays all information from board meetings to the homeroom pupils in order to keep all up to date on class affairs.

BARNACLE LITERARY STAFF

As Caesar wrote a history of his campaigns in Gaul, so we, the **Barnacle Literary** Staff write this yearbook, using **The Legacy of Rome** as our theme. While the advertising staff has solicited many denarii in the market place, our artists have, from their villas, been turning out works with which to adorn these pages. With the help of Mrs. Catherine Towey, yearbook adviser, the Literary Staff has assembled these scrolls, this record of our legacy.

"Well now, we could list them like this." Peter, our editor, confers with Mrs. Towey.

BARNACLE TYPING STAFF

Miss M. Louise Hayden, Typing Staff Adviser.

Careful proofreading is a must.

We are greatly indebted to the members of the **Barnacle** Typing Staff for their co-operation and efficiency in typing the material for our class yearbook, the **Barnacle.** These girls have kept their typewriters busy behind-the-scenes, working swiftly and efficiently to make the publication of our yearbook possible. We all thank them for their assistance.

Mrs. Camille Beale, Advertising Staff Adviser.

The **Barnacle** Advertising Staff, under the direction of Mrs. Camille Beale, is a devoted and hardworking group that has given a great deal of time to the publication of our yearbook. These students, through their drive in soliciting advertisements and patrons, raise the money which pays for the yearbook. To them we owe our sincere gratitude.

KEY CLUB

Members of the Key Club, a junior branch of Kiwanis are chosen for outstanding traits of character, scholarship, and leadership. The objectives of the organization are to provide its members with opportunities to better their school and community while gaining experience in living and working together. Key Club's motto "We Build" is applied academically as well as physically, as high standards are set for continued membership.

Officers this year were Richard Coville, president; Robert Macallister, vice president; Paul Bishop, secretary; Eric Hall, treasurer.

Miss Helen Jones, Code Club Adviser; Mr. Arnold Rogean, Key Club Adviser.

DRAMATICS

Not only does the Dramatic Club produce two plays a year for the school, but it also provides its members with experience in stage lighting, make-up, acting, and set designing and properties. Once a play is selected, the cast and crew work vigorously to make it a success, while those not involved in the play continue to study stage poise and voice at regular meetings.

NATIONAL HONOR SOCIETY

Members of the Barnstable Chapter of the National Honor Society are required to maintain an A average in seventy-five per cent of their studies, and all other marks must be B. Besides scholarship, the members must show qualities of leadership, strong character, and service to the school and community. Each year the new members are installed in a ceremony at an assembly of the entire school.

JUNIOR PROM

The Junior Prom, the big social event of our four years, was held in the Barnstable High School Gymnasium on April 27, 1962. The theme, **April in Paris,** was carried out in various Parisian scenes: sidewalk cafes and shops, a mural depicting a view near the Eiffel Tower, and a garden scene complete with trees, flowers, and even a fountain. The atmosphere was completed by the appearance of costumed "artists" and "street vendors." Miss Katherine Nehubian and Mr. Richard Warren directed the Decoration Committee headed by Kathy Lawrence. The orchestra selected the Queen and her court. Chosen Queen was Dianne Drinkwater, and her Court included Pamela Jordan, Karen Davis, Ann Owens, and Margaret Wirtanen.

"Balloons, anyone?"

BAND AND MAJORETTES

Gay music, beating drums, and twirling batons led the intricate patterns and formations on the football field. The band members and majorettes, under the direction of Mr. Ronald E. Brown, kept the football season high in spirit. However, not limiting their activities to the gridiron, they also played at rallies and marched in the holiday parades. This year, entering competition for the first time, they received the second place award. Their precision and coordination are the products of hours of work and much practice, as well as excellent cooperation.

ORCHESTRA

The Barnstable High School Orchestra, directed by Mr. Jennings Butterfield, consists of approximately thirty musicians, playing a variety of instruments. Throughout the past four years, these students have participated in the All-Cape Orchestra and have brought us much enjoyment during assemblies and other activities.

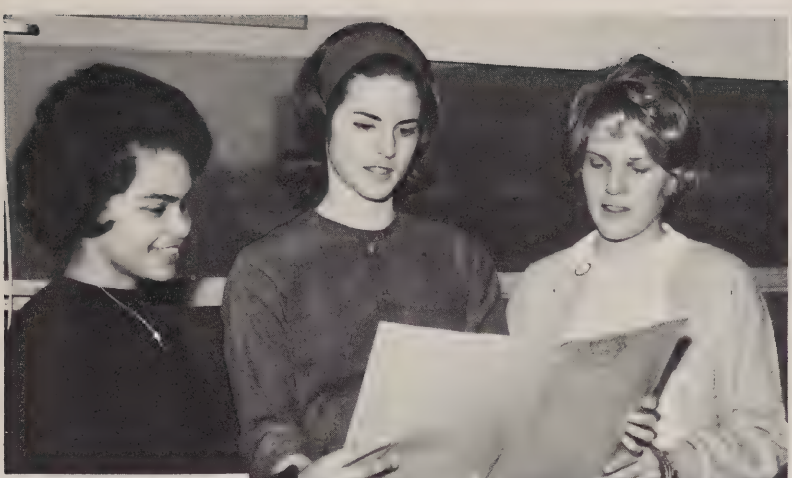
Officers include: President, Richard Bunker; vice president, Donald Gayton; secretary, Merrill Setler; treasurer, Frederick Rivers.

SENIOR CHORUS



"Of chorus, we've sung this before!"

Mr. Simon Gesin
Music Director

A popular entertainment group at Barnstable High School is the Senior Chorus. Under the direction of Mr. Simon Gesin, the girls, consisting of juniors and seniors, rehearse twice a week, setting their goal at perfection.

The chorus has performed at Christmas and Memorial Day concerts at the school, and several of the more accomplished vocalists were members of the All-Cape Chorus held at Bourne. The Senior Chorus also sings several selections at our graduation exercises.

BARNSTABLE VOCATIONAL HIGH SCHOOL

Barnstable Vocational High School, provides training in auto mechanics, boat-building, carpentry, electrical work, or plumbing for over one hundred boys. Graduates of these courses receive a high school diploma along with vocational school certificates for placement as advanced apprentices in the trades of their choice. In some cases seniors are permitted to work up to eight weeks with private contractors for additional experience instead of attending classes. The training received here is so highly regarded that many boys are immediately offered jobs upon being graduated. Two graduates of the carpentry department are now instructors in the Peace Corps—one in Africa, and the other in Pakistan.

FOOTBALL

Coach Raymond Hostetter, Coach Donald Crowley, Captain Steve Jones, Head Coach John Parker, and Coach William McWilliams.

Our football team was certainly one to be proud of this year as it stormed through another victorious season. With a 6-1-2 record, Barnstable won the Cape Championship and placed second in the Tri-County League.

Under the leadership of Coach John Parker, the boys played a highly spirited brand of football. This was especially evident in the traditional Thanksgiving Day game when, in the cold rain and mud, Barnstable beat Falmouth by the score of 2-0.

Four senior players—Mike Sullivan, Fred Rivers, Dana Hinckley, and Captain Steve Jones—made the All Cape Football Team.

Dana takes that extra yard.

Cheerleaders Spark Spectator Spirits

The cheerleaders, under the leadership of Captain Barbara Lopes, have done a more than satisfactory job of raising the spirits of the student body. With their undying enthusiasm and endless supply of energy, they certainly proved an asset to the teams. They worked hard this year, but not without results, as we can see from our football record.

SOCCER

Although the soccer team had rough going this year, winning only two and tying four of the twelve games they played, the boys gained valuable knowledge and skill of the game from Coach Charles Howes. This knowledge should help carry them to a successful campaign next year.

Alphonse Montagna and Edward McCarty were chosen as Barnstable High's representatives to the All Cape All-Star Soccer Team.

Get up there, Doug!

Agility, speed, and height combined on the basketball court to score a 7-9 record for the Red Raiders' season. The Raiders battled right up to the final buzzer, and those final minutes of play determined the outcome of nearly every game.

The team, captained by Doug Campbell, was supported by only three veterans from last year's varsity squad. However, under the watchful eye of Coach Francis Dwyer, the boys developed into a fast, hard-working team.

Fine spirit and great effort were displayed throughout the season by our Red Raiders.

GIRLS' BASKETBALL

"To shoot or not to shoot; that is the question."

Winning all but two closely-contested games, our girls ended their season triumphantly by defeating Nauset High 42-41 for the Cape Cod Principals' Tournament Championship. Excelling in both skill and spirit, the Raiderettes combined their shooting, passing and rebounding abilities with great co-operation and team play. These combined efforts brought the Raiderettes, coached by Miss Katherine Nehubian, their championship and 662 points for an average of 44 points per game!

ICE HOCKEY

This year's hockey season proved to be very rewarding to our hockey team. Under the direction of Coach Elliot MacSwan, the boys finished undefeated in the Cape Cod Schoolboy Hockey League.

Our team was the first team in Cape Cod's hockey history to receive an invitation to enter the Massachusetts State Schoolboy Hockey Tournament. Despite their great team effort they were outscored by Chicopee, a more experienced team.

High scorers of the season were Phillip Souza, Ricky Coville, George Wetmore, and Jimmy McEvoy.

FIELD HOCKEY

Coached by Miss Katherine Nehubian, the Girls' Field Hockey Team had a winning 1962 season. With great determination, the team played hard at each game, displaying their great courage and perseverance. This year there was no team captain; instead a new captain was elected for each game. The many underclassmen who started for the team this year gained valuable knowledge that will prove helpful towards a successful season next year.

"Ground sticks, ground sticks, ground sticks, Bully!"

Coach Lawson and the five Senior members of the tennis team.

TENNIS

The tennis team, with Mr. Lawson as coach, consists of boys and girls in grades nine through twelve. The team is organized on an intramural basis and is mainly a course in tennis instruction with competition at the end of the year when the players have learned the fundamentals of swing and the rules of the game.

TRACK

Track begins at Barnstable High School as the boys prepare to show their skill in the annual Dennis-Yarmouht Invitational Meet. Track competition is not yard dashes and mile runs alone, but includes standing and running broad jump, high jump, pole vault, javelin, discus, shot-put, and hurdles. Besides their active participation during the spring, many boys also attend meets held on the Cape during the winter months.

Bob and Coach McWilliams discuss plans for the upcoming meets.

"Another 880 today? Ugh!"

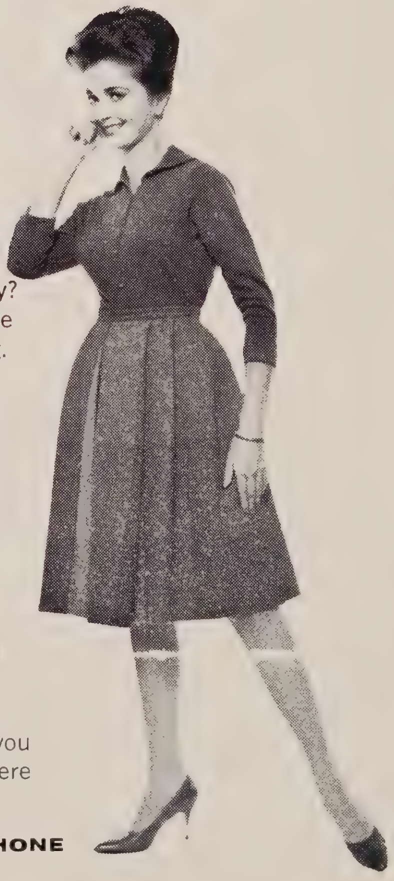
A TELEPHONE JOB OFFERS BOTH CAREER AND SOCIAL SATISFACTION



WITHOUT BREAKING STRIDE,

why not graduate from high school to the Telephone Company? You'll love the friendly young people who'll work with you, and the many social activities that make your work so pleasant and rewarding.

OPPORTUNITY IS EXCELLENT

and your ability will be recognized. Your starting salary should climb with regular increases. And, of course, Company benefits, security, and regular advancement are well-known reasons why working for the Telephone Company is so attractive to graduates.

TELEPHONE JOBS ARE IMPORTANT,

vital to the effective communications of the community, the nation, and the world. When you take your place as a respected member of the telephone community, we'll train you, on full salary, even without previous job experience.

Why not come and see our employment interviewer soon . . . before you graduate? Ask your Guidance Counselor to tell you when and where to apply.
